Work began on the Vars Tourist Information centre in the heart of Les Claux in April 2024.

This major project will unite the Sem Sedev ski lift company and Vars Tourist Board for winter 2025-2026.

The idea behind the new set-up is to provide better hospitality and the best advice: a new establishment that will be connected, tailored to suit visitors of all kinds, meet your needs and make your holiday as memorable as possible.

December 14th will be out of this world!

True to tradition, Vars is once again kicking off the winter season with music. The biggest duo on the French music scene will get the ski slopes pumping and see the first skiers of the season light up the dancefloor.

The brothers from Toulouse made their debut in 2015 and will open the 16th Vars en Scène with a concert that's sure to be unforgettable.

After a sold-out stadium tour and winning over millions of fans with their latest album, «Les autres c'est nous», they're coming to set the resort alight with their infectious energy and powerful party music.

With over a billion streams and three Victoires de la Musique awards under their belts, the duo have established themselves as a force to be reckoned with on the French music scene.

## **GLISS & MIX #7**

Get together for a charity weekend!

The Espoir au Sommet charity hosts the Gliss & Mix event to raise money to fight cancer and fund sports therapy.

Almost 200,000€ has been raised and donated to the Marseille charity since 2017.

Skiing is the headline act with races taking place in the slalom stadium. The resort itself will turn into a dancefloor with a DJ set from a well-known artist whose identity is soon to be revealed. The act will join the ranks of Feder, Étienne de Crecy, The Avener, Ofenbach, Kavinsky and Synapson who have all played at an altitude of 1,850m overlooking the Eyssina peaks.

March 2025 is all about freestyle!

2 French Freestyle Skiing Cups and the French Senior Freestyle Skiing Championships are coming to Vars from March 1st to 8th.

The French FIS **Slopestyle** Cup kicks off at the Eyssina snowpark on March 1st and 2nd.

The **senior** categories hit the slopes from March 3rd to 7th, with the French **Slopestyle and Big Air** Championships, as the best riders in France compete for national titles.

The week ends on a high on Saturday March 8th with the French **Junior** Slopestyle Cup (U10, U11).

It's going to be a great show at the Varspark, where freestylers of all ages will be showcasing their best tricks in a bid to win.

## FRENCH FREESTYLE SNOWBOARD CHAMPIONSHIP MARCH 13TH-17TH 2025

The French snowboarding elite will be in Vars from March 13th to 17th 2025 for the French Freestyle Snowboard Championships. This competition will unite athletes of all categories in Slopestyle and Big Air events.

**Slopestyle** involves riding down a course with different modules such as rails, boxes and kickers. Snowboarders have to perform a series of acrobatic tricks at the same time as showcasing their style, technique and creativity.

The idea behind **Big Air** is simple: athletes pick up speed and take off on a snow jump so they can perform highly technical aerial moves.

They have to perform tricks and a smooth landing to impress the judges. It's a real show-stopper with bold feats and big risks.

The event is a golden opportunity for snowboard enthusiasts and winter sports fans to be blown away by the Varspark modules.
